

Habitat for Humanity Safety Courses

These courses are taken through Lockton Affinity, Habitat's insurance provider. When these courses are taken it helps Habitat lower insurance costs.

Each course takes about 5-15 minutes and offers practical reminders.

A training certificate is sent to the local affiliate.

- To start: <http://hfhaffiliateinsurance.com>
- On page 3 select online course: "Begin now"
- Password is: W8NAEBTG (suggest Copy/Paste)
- Click on: Take training course now
- Enter password

The following courses are suggested:

1. Volunteering on a H4H site
2. Slip, trip, and falls (the number one cause of OSHA reported accidents)
3. Ladder safety
4. Eye protection
5. Portable Power tool safety (For those over 18)

When each is completed enter your name select the location state (New Jersey) click submit and on the following page select H4H of Salem County, New Jersey. You may then return to the list for more courses.

- Anyone with a question may contact me at gmhendry@verizon.net
